one well known local pharmacy supplied
the ingredients for the "vegetable presorription" many times within the past

population, who are always suffering

rheumatism.

Tom Johnson on Making Cloaks Dear. In the American Magazine for March, lda M. Tarbell writes an article which she entitles "Where Every Penny Counts." It is an article which shows how the tariff has increased the cost of living for the poor. Pollowing is an interesting passage which reveals Mayor Tom Johnson of Cleveland in a pleasing light. He was in Congress at the time. Surely there can be no longer any

io all I can to cut its duties down, but I will strenuously oppose putting them up. You ask me to vote to make cloaks artifically dearer. How can I do that without making it harder for those who need cleaks to get cleaks Even if this would benefit you would it not injure others? There are many cloak makers in Cleveland, it is true, but they are few as compared with the cloak users.

would benefit you would it not injure to others? There are many cloak makers in Cleveland, it is true, but they are few as compared with the cloak users. Would you consider me an honest Representative if I would thus consent to injure the many for the benefit of the few, even though the few in this case were yourselves.

"And you ask me to demand in addition to a monstrous ad valorem duty of 45 per cent., a still more monstrous weight duty of 40½ cents a pound—a weight duty that will make the poorest sewing girl pay as much tax on her cheap shoddy as Mrs. Aster or Mrs. Vanderbilt would be called on to pay on a cloak! Do you really want me to yote thus to put the burden of taxation on the poor while letting the rich escape Whether you want me to or not, I will not do it."

"That, as your employers say, a serviceable cloak can be bought in Berlin at \$1.20 affords no reason in my mind for keeping up the tariff. On the contrary, it is the strongest reason for

for keeping up the tariff. On the con-trary, it is the strongest reason for abolishing it altogether. There are lots of women in this country who would be rejoiced to get cloaks so cheaply; lots of women who must now pinch and strain to get a cloak; lots of women who cannot now afford old or east off garments or shiver with cold. Is it not ommon justice that we should abolish every tax that makes it harder for them to clothe themselves!"

All Kinds of "Piles." Blind piles, itching piles, bleeding piles protruding piles, all kinds of piles can be relieved in 15 minutes by one application of Hill's Pile Pomade. It is the easiest to apply and the surget-to-cure pile remedy on the market. Your money back if you are not thoroughly satisfied with its results. Your druggist has it.

LARCENY OF \$48,000 CHARGED. Brooklyn Bankers Have Been Put on

New York, March 2.—Charged with the larceny of about \$48,000 from the Eagle Savings and Loan Association of Brooklyn, Colonel Edward E. Britton, president of the association, and Frederick H. Schroeder, its vice-president, were put on trial in Brooklyn yesterday. Colonel Britton has been prominent in National Guard circles and Schroeder is president of the State Board of Quarantine Commissioners and Republican lead-

Colonel Britton was charged with the larceny of \$38,000 and Schroeder with taking \$9,981 of the association's funds, It is alleged that the two men were interested in Western mining property and that they drew on the funds of the loan association to equip these properties with machinery when they had reached the limit of their individual resources last summer. This use of the funds is said to have been revealed by an inspection of an agent of the state banking super-
